

Memorandum of Understanding for the One-Stop Delivery System

Jefferson/Franklin Consortium Local Workforce Development Area

Introduction

This Memorandum of Understanding (MOU) establishes the spirit of cooperation and collaboration by the Jefferson/Franklin Consortium Local Workforce Development Board (LWDB); and the One-Stop Delivery System signatory partners hereafter named. It describes how we will use our various funding streams and resources to serve our mutual customers, both jobseekers and employers, through an integrated system of service delivery operated at two comprehensive sites, called Missouri Job Centers. These comprehensive sites are the Arnold Job Center in Jefferson County and the Washington Job Center in Franklin County. We understand that the development and implementation of these sites will require mutual trust and teamwork between the partnering agencies.

Comprehensive One-Stop Centers – Locations

Jefferson County, Missouri
Arnold Missouri Job Center
3675 West Outer Road
Arnold, MO 63010
(636) 865-6060

Franklin County, Missouri
Washington Missouri Job Center
1108 Washington Square
Washington, MO 63090
(636) 583-9670

Chief Elected Officials: Dennis Gannon (Jefferson County) and Tim Brinker (Franklin County)

Fiscal Agent: Office of Job Training Programs (OJTP)

One-Stop Operator: MERS Goodwill, Inc.

WIOA Title I service provider: MERS Goodwill, Inc.

WIOA Title II service providers: Jefferson College and East Central College

WIOA Title III service provider: Missouri Department of Higher Education and Workforce Development

WIOA Title IV service provider: Missouri Department of Elementary and Secondary Education

MOU – Required Parts:

1. Description of services to be provided through the one-stop delivery system, including the manner in which the services will be coordinated and delivered through the system.
(20 CFR 678.500(b)(1))
 - a. Include referral method (20 CFR 678.500(b)(3)). Referral must be provided by direct linkage.

Direct Linkage means: providing direct connection for the service within a reasonable time period or through a real-time phone or Web-based communication to staff who can provide program information or services to the customer. A direct linkage does not include providing a phone number or computer Website that can be used at an individual's home; providing

information, pamphlets or materials; or making arrangements for the customer to receive services at a later time or on a different date.

See attached spreadsheets, Tab 1

2. Funding agreement (20 CFR 678.500(b)(2))
 - a. Infrastructure costs (20 CFR 678.500(b)(2)(i))
 - b. Shared services (20 CFR 678.500(b)(2)(ii))

The Jefferson/Franklin Consortium works closely with agencies and other community entities to meet employer and job seeker needs. The Jefferson/Franklin Consortium and partner agencies were engaged in active discussions to negotiate the MOU. All partners participated in the development of the MOU and an agreement was reached by all partners.

See attached spreadsheets, Tab 2

3. Description of how the one-stop delivery system will meet the needs of those with barriers to employment and/or disabilities (20 CFR 678.500(b)(4))

The Arnold and Washington One-Stop Centers provide physical and programmatic accessibility to ensure that individuals with disabilities and limited English proficiency customers have the same access to one-stop programs, services and benefits that are provided to all job center customers. Notices and communications in alternate languages and format, interpreter services, assistive technology equipment, and other reasonable accommodations may be requested by anyone utilizing the One-Stop Centers. The One-Stop Centers are certified to be physically accessible every three years by an independent accessibility audit organization.

Communication mechanisms within the job centers ensure that individuals with disabilities are receiving the same information as effectively as any other customer. The availability of auxiliary aids and services allow customers with visual, hearing, physical, and cognitive disabilities the communication access to products and services.

Assistive Technology equipment in each job center includes Microsoft software accessibility tools, amplifier for telephone, Relay 711 service, hands-free speaker phone, 19"-21" large monitor, screen reader software (Window Eyes), screen magnification software (Zoom Text), Trackball, alternative keyboard, height adjustable table, tape recorder, electronic CCTV magnifier, and Portable Assistive Listening Device (FM System). Sign language interpreter services may be provided to individuals upon request to enhance communication with hearing impaired individuals.

4. Duration of MOU and Amendment Procedures (20 CFR 678.500(b)(5))

Duration

This MOU shall be effective for three years from the date of the last signature.

Amendment Process

Amendments to the MOU may be made upon agreement of all parties at least 30 days prior to the effective date of the change. Amendment requests must be submitted in writing to the

Jefferson/Franklin Workforce Development Board. All partners will be notified electronically of any pending amendments. The MOU shall be amended when the partners agree to the amendment. Amendments must be signed by the appropriate partners and attached to the original agreement.

Any party to this agreement may cease participation in the agreement. Any party that intends to cease participation must notify the other parties to the agreement at least 30 days prior to the effective withdraw date. Disputes will be addressed by referencing the WIOA law and regulations. The MOU will reflect the most recent date as amendments are approved, if applicable.

5. Assurances (20 CFR 678.500(b)(6))

The Local Area assures that this MOU will be reviewed, and if substantial changes have occurred, renewed, not less than once every two-years to ensure appropriate funding and delivery of services.

6. Appeal Process (20 CFR 678.750)

If OWD has to impose a State infrastructure cost-allocation mechanism, and upon receipt of the specific terms in it, any Local WDB or One-Stop required Partner may appeal, individually and for cause, the specific allocation imposed upon it within 21 calendar days. The appeal must be in writing (electronic or hardcopy) and make specific reference to that portion of cash, non-cash, or third-party in-kind contributions which the mechanism requires that Local WDB or Partner provide.

To be officially received, an appeal must fully contain and evidence the following:

- Addressed to the attention of the Director of the Office of Workforce Development.
- An introduction identifying the appellant (identify the name of the LWDA and the name of the Local WDB, and the name of the appellant if it is a required Partner). The letter must clearly declare that it is a formal appeal.
- Full citations from WIOA or the WIOA Final Rules in Title 29 (or Title 34) of the Code of Federal Regulations that support the appeal.
- Identify the basis for the appeal. WIOA stipulates that a determination to apply a State funding mechanism may be appealed only if the determination is inconsistent with the requirements of WIOA sec. 121(h)(2)(E). The Final Rule at 20 CFR 678.750 further limits grounds for an appeal to three possibilities. The petitioner must make a case that the State's determination was not consistent with:
 - the proportionate-share requirements in 20 CFR 678.737, or
 - the cost-contribution limitations in 20 CFR 678.730(c),1 or
 - the cost-contribution caps in 20 CFR 678.738.
- The letter must be signed (electronic signature is acceptable) and dated.

The State will acknowledge the appeal and return a determination from OWD under the designated authority of the Governor as quickly as feasible. Until the appeals process is completed, the appellant will remain liable for its contribution as originally determined in the State funding mechanism. If the appeal to the State using the process described in 20 CFR 678.750 is successful, it will result in a change to the appellant's infrastructure-cost contributions. Consequently, the Local WDB must update the MOU, annotate it accordingly to reflect the final version of One-Stop Partner infrastructure-cost contributions, and distribute the updated version to all signatories.

Memorandum of Understanding (MOU)
Disclosure Statement
Missouri Department of Social Services

MOU Title:	One-Stop Delivery System
-------------------	---------------------------------

1. Department of Social Services (DSS) is signing the Workforce Innovation and Opportunity Act (WIOA) Memorandum of Understanding (MOU) with the following stipulations:
 - a. All 13 Workforce Development Boards MOUs must fully comply with the WIOA regulations.
 - b. Local cost sharing negotiations must allow for DSS, including DSS contractors, to provide "in kind" services in lieu of cash payments as applicable.
 - c. WIOA requires one-stop partners to contribute funding to establish and maintain the one-stop delivery system based on each partner's proportionate use of the system and the relative benefits received (WIOA sec.121(h)(1)(B)(i) and 121(h)(2)(C); 20 CFR 678.420(b), 34 CFR 361.420(b), and 34 CFR 463.420(b)). One-Stop partners must use a reasonable cost allocation methodology in determining appropriate partner contributions based on proportionate use and relative benefits received (20 CFR 678.420 (b)(2)(i), 34 CFR 361.420(b)(2)(i), and 34 CFR 463.420(b)(2)(i)).
 - d. DSS, its affiliates, successors, assignees, and contractors will continue to adhere to its confidentiality and security policies.
 - e. Termination of the MOUs: Any Partner to these MOUs may withdraw, giving written notice of its intent to withdraw as a Partner. All pertinent terms of the MOUs will continue in effect for the remaining Partners. Any party may cancel the MOU at any time for cause or without cause on a 30-day written notice.
 - f. In the event, there is a conflict of language between the MOU and this Disclosure statement, the language in this Disclosure statement shall prevail.
 - g. In the event there is a conflict between law, regulations, and policy governing DSS and the WIOA MOU, then the law, regulations, and policies governing DSS shall prevail.
